

Pet Accommodation Policy

Please read the following terms and conditions carefully before making a reservation.
A consent form will also be provided at check-in for your review and signature.

1. Pets Allowed

Our hotel welcomes pets that are accustomed to living indoors.

Please ensure that your pet is in good health and free from fleas, ticks, or any infectious diseases prior to your stay.

Vaccination certificates are not required; however, we ask that owners follow the guidance of their veterinarian and act responsibly.

2. Diapers and Indoor Cleanliness

We recommend that pets wear diapers or other protective garments while indoors.

Pets in heat or with a tendency to mark their territory must wear diapers.

If any soiling occurs outside the designated litter box area, please clean it promptly using the provided cleaning supplies.

Kindly record any soiling or damage on the "Notice Sheet" located near the litter box area.

3. Restricted Areas

The bedrooms and bathrooms on the second floor are for human use only.

Please relax with your pets on the first floor and feel free to use the dog and cat run.

4. Use of Futons

If you use the futons on the first floor, please take care to prevent them from becoming soiled.

Plastic sheets are available in the storage room for your convenience.

5. Damage and Cleaning Fees

Please note that in the event of any soiling or damage to facilities, furniture, or fixtures, we may charge the full cost, including special cleaning fees, repair fees, and replacement costs, depending on the situation.

6. Pet Cleaning and Hygiene

After using the outdoor areas, please wipe your pet's paws to remove any dirt.

To clean your pet, please use the washing area next to the first-floor entrance. Showers are also available.

For hygienic reasons, the use of hair dryers for pets is prohibited.

7. Walking and Waste Disposal

When walking your pet, please be sure to keep it on a leash.

Designated trash cans for droppings and other waste are provided, so please use them.

8. Supervision of Pets

Please do not leave pets unattended in the guest rooms for extended periods of time.

When necessary, please use the cages provided or carriers that you bring with you.

9. Liability and Safety

We cannot be held responsible for unforeseen accidents such as injury, death, theft, or escape that occur at the facility due to unforeseen circumstances.

Pet owners are responsible for the care and supervision of their animals at all times.

When staff enter or leave the guest rooms to serve meals or provide services, please keep pets in a cage to prevent them from escaping.

Cats are particularly agile and active, so extra care is required.

10. Use of Strong Scents

Animals are sensitive to smells. Please refrain from using items with strong scents in the guest rooms.

11. Right to Refuse Accommodation

We reserve the right to refuse accommodation if any false information is provided on your application or if any violations are observed during your stay.

Thank you for your cooperation.

We hope you enjoy a comfortable and pleasant stay with your pet.

Guests traveling from overseas with dogs are kindly requested to contact us in advance.
